

Swan Graceful K.I.D.D.  
Biological Electric Wave

松鶴富麗K.I.D.D.  
智能生物電波

Swan Graceful Exclusive Distributor | 松鶴富麗獨家總代理

## Quantum Shuttle

- ① Anti-inflammatory and analgesic
- ② Repair cells
- ③ Cellulite shaping

## 量子穿梭機

- ① 消炎止痛
- ② 修復細胞
- ③ 消脂塑形

---

## What is Swan Graceful ?

- ❶ Beijing Swan Graceful Technology Development Co., Ltd. was established in 2003, mainly engaged in R & D and sales of related products of professional beauty salons
- ❷ Promote the concept of green anti-aging beauty, dedicated to the beauty and health industry
- ❸ The company has always insisted on “no skin breakage, no injection, no medicine, no dependence, no trauma, no pollution”

---

## 什麼是松鶴富麗？

- ❶ 松鶴富麗（北京）科技有限公司成立於2001年，主要從事專業美容院相關系列產品的技術研發及銷售
- ❷ 提倡綠色整體抗衰老美容理念，致力於美容保健行業
- ❸ 公司一直堅持“不破皮、不打針、不吃藥、不依賴、不創傷、不污染

LX BIOTECH INTERNATIONAL CO.,LTD董事Nelson Ng

### LX BIOTECH INTERNATIONAL CO.,LTD 生物電流 為身體加「電」達致平衡

近年生物科技的應用是美容界的新趨勢，一直醉心於引入此類產品的LX BIOTECH INTERNATIONAL CO.,LTD誠意將最新最有效的產品帶給大家。LX BIOTECH INTERNATIONAL CO.,LTD董事Nelson Ng在亞太美容展上展示了瑰麗顏的疏絡煥活套，「疏絡煥活套包含生物電梳一把及多肽護髮液一支，外表是一把梳，實質含獨家研發的生物芯片；透過生物科技去疏通腦部的微血管，有助改善都市人亞健康及預防老人病。」

他說，生物電梳的KIDD按摩模式會發出特殊的頻率，產生深部熱療的效果。其輸入仿似人腦電波，促進電荷平衡，調節內分泌，能補充人體所需的生物電，為大腦補充能量。

振動按摩的模式可舒緩疲勞的同時，有助改善記憶力，最重要的是令頭皮更緊緻，如配合多肽護髮液一起使用，可為毛囊添加營養，令頭髮增長及改善白頭髮。「這個套裝的好處

是可以在美容院配合療程用或客人在家自用，只要每天為頭皮按摩15至20分鐘，少則1個月，慢則3個月，便會見到頭皮上毛髮重生。」

另外，廣受中國大陸、緬甸、台灣及馬來西亞歡迎的塑美儀，以養生為理念。誠意維持人體內環境穩定，刺激腺體和淋巴的代謝、淨化與分泌，加強內分泌調節和淋巴調節，對人體內分泌腺的功能進行整體抗衰老，令居家達致更全面及深層次的年輕。

「因應血液循環不通的問題，經常出現淋巴阻塞問題，透過塑美儀內置的KIDD波生物晶片，集結KIDD波、遠紅外線、射頻和負壓吸力四大力量，生物電波可到達一些未能按摩的位置，以達致保健養生的成效。」他解釋，如配合珠源玉潤套裝（內含平衡淨化精華及平衡淨化膜和平衡淨化霜20次療程），用後感覺明顯，增加年輕美態。

## What is Swan Graceful ?

- 1 Sales in Hong Kong continue to increase every year. In 2019, the yearly business volume has exceeded over 10 million
- 2 Participating in the exhibition at the Asia Pacific Beauty Expo 2019 will make more international beauty customers know Swan Graceful and K.I.D.D. electric wave

## 松鶴富麗於亞太區的成功

- 1 於香港的銷量每年持續增進。於2019年，年度生意額已達到八位數字
- 2 於2019亞太區美容展參加展覽令更國際美容客戶認識松鶴富麗及K.I.D.D.生物電

## Swan Graceful's success in Asia Pacific

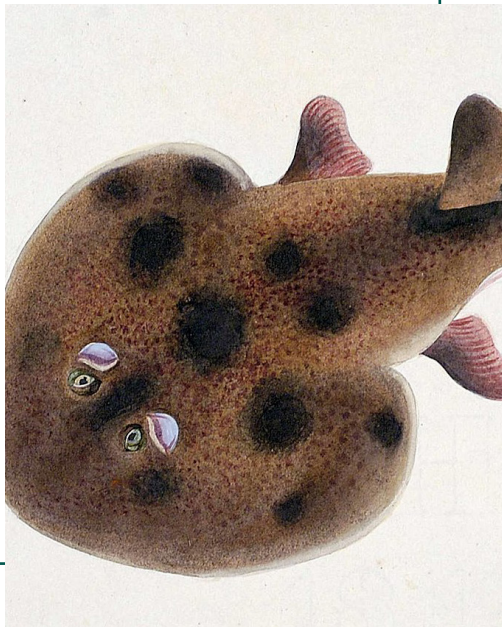

- 1 Swan Graceful has over 1000 distributors in China, Hong Kong and Taiwan
- 2 There are ten thousands of feet of beauty salons selling Swan Graceful's products and treatments on International famous brand centre in Tsim Sha Tsui, Hong Kong

## 松鶴富麗於亞太區的成功

- 1 松鶴富麗於中港台已有過千個分銷代理商
- 2 於香港尖沙咀國際名牌街有過萬尺美容院銷售松鶴富麗的產品及療程

---

## The origin of biological radio waves

❶ In the first century AD, Torpedo discovered that there was a kind of electric rays in the Nile River in ancient Egypt. It could produce a voltage pulse of 45V through its electric organs. The electrical phenomenon composed of muscle cells is that electrical organs release electrical energy stored in muscle cells

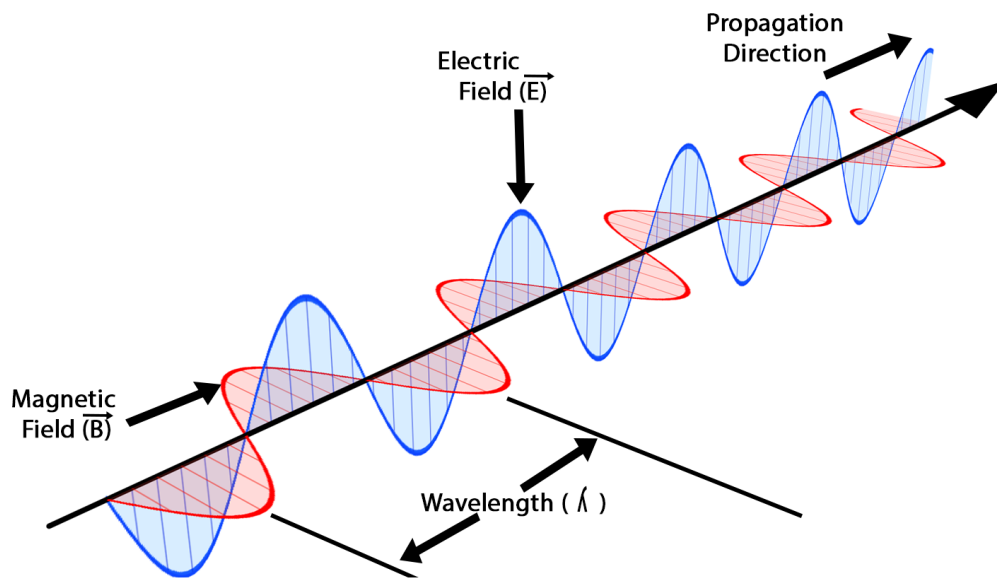

---

## 生物電波的起源

❶ 在西元一世紀Torpedo發現在古埃及尼羅河中有一種電鰩魚可以通過其電器官產生45V的電壓脈衝

到18世紀中葉，科學家們開始解剖電鰩發現電鰩的電器官是一根柱狀物，由肌細胞組成電現象是電器官釋放了存儲在肌肉細胞內的電能

# Electromagnetic Wave

## What is K.I.D.D. Biological Electric Wave ?

- ① Using biochips as an analog quantum computer, it has self-learning, self-regulation, self-evolution functions, and three-dimensional analyzer becomes a neuron collection analog
- ② More than 100 kinds of frequency-converted electroencephalogram signals that imitate the human brain, replacing brain signal movements, make the hypothalamus and pituitary gland reduce fatigue, and repair the whole body.
- ③ Only creatures can be powered on, physics cannot be powered on

## 甚麼是K.I.D.D. 生物電波？

- ① 運用生物晶片為類比量子電腦，具有自我學習、自我調節、自我進化功能、立體三維分析器成為一個神經元集合類似物
- ② 仿人腦一百多種變頻腦電波訊號，代替腦訊號動作，使下丘腦和腦垂體減輕疲勞，對人體整體進行修復。
- ③ 只有生物才能通電，物理不能通電

# Status of clinical application of biological Electric Wave

---

## Medical diagnosis application

- Electrodermatography
- Electrogastrogram
- Cochlear electrogram
- Electrodermatography
- Electrocardiogram (ECG)
- Electroencephalogram (EEG)
- Electroneurography (ENG)
- Spinal cord electrical record
- Electrooculogram (EOG)
- Electroretinography
- Electronystagmography
- Electromyography

## Clinical application

Cardiac shock defibrillation  
Electrotherapy sleep  
Neuroelectric therapy (electroacupuncture)  
Surgical electrical hemostasis  
Surgical electrocoagulation  
Electrotherapy anesthesia  
Tetanus Electric Therapy  
Electric shock therapy of schizophrenia  
TCM electroacupuncture  
Heart pacemaker

# Difference of K.I.D.D. devices with other devices

## What is Quantum Shuttle ?

- ① Using pulse oscillation to release 10 billion electrons at a frequency of 20000Hz per second
- ② When you touch the human body with a pulse, the radio waves from the outside to the inside, from the epidermis to the muscles to the muscles and bones, fundamentally activate the human cells and deeply repair the damaged cells
- ③ Accelerate the division and regeneration of cells, improve the body's natural self-healing ability, ease the body's fatigue state

---

## 甚麼是量子穿梭機？

- ① 利用脈衝震盪每秒20000Hz頻率速釋放出100個億電子，補充人體生物電
- ② 手持脈衝觸人體時，電波由外而內的由表皮到肌肉再到筋骨，從根本上活化人體細胞，並深層修復受損細胞
- ③ 加速細胞的分裂與再生，提高人體自然的自愈能力，緩解人體的疲勞狀態

# Quantum Shuttle 9 functions

## 量子穿梭機九大功效

1

### Instantly start neurons

Increase the electronic conductivity of neurons, and have a significant effect on nerve conduction.

### 瞬間啟動神經元

增加神經元的電子傳導性，對神經傳導有明顯的作用。

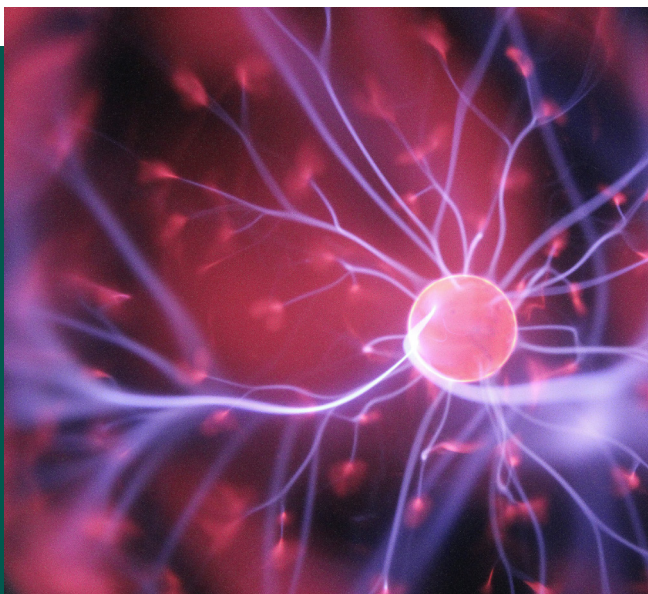

2

### The movement of cellular molecules

Able to rearrange the cellular molecules in the diseased part and turn disorder into order.

### 細胞分子動排

能使有病部位的細胞分子重新排列，變無序為有序。

3

## Positive and negative potential balance

Able to adjust the positive and negative potentials in the human body to achieve potential balance.

### 正負電位平衡

能使人體內的正負電位得到調整，使達到電位平衡。  
對神經傳導有明顯的作用。

4

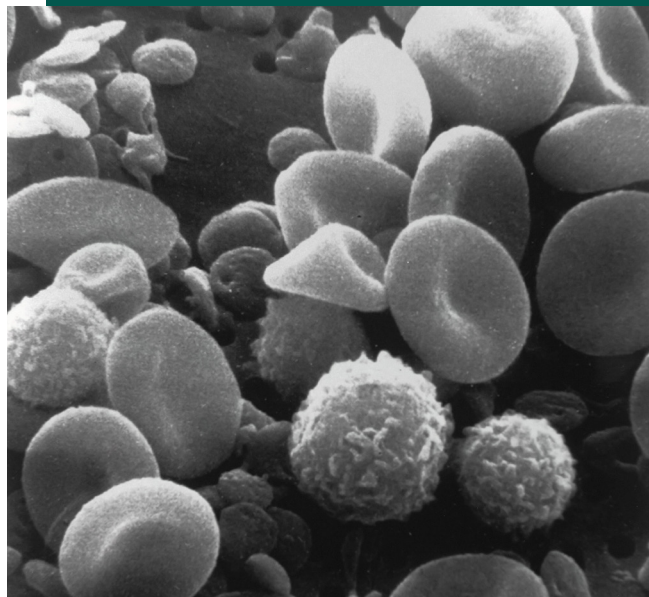

## Calming, anti-inflammatory and analgesic

The awakening nerve in the network structure of will, which produces obvious shock and hypnotic effects.

### 銷靜消炎止痛

意志網狀結構中的覺醒神經，產生明顯的震驚和催眠效果。

5

### Promotes metabolism

Causes muscle contraction and promotes blood and lymph fluid backflow.

### 促進新陳代謝

引起肌肉收縮，促進血液和淋巴液回流。

6

### Quickly purify blood

Promote vasodilation, quickly improve blood circulation, and accelerate material metabolism.

### 快速淨化血液

促進血管擴張，快速改善血液迴圈，加快物質代謝。

7

## Repair damaged cells

---

Replenish cell membrane voltage, improve cell viability, enhance self-healing ability away from cell canceration.

### 修復受損細胞

---

補充細胞膜電壓，提高細胞活力，  
增強自愈能力遠離細胞癌化。

8

## Physical cellulite shaping

---

Activates cells and burns fat. Eliminate excess water, grease, toxins and other wastes in the body.

### 物理消脂塑形

---

活化細胞，燃燒脂肪。排除體內多餘水分、油脂、毒素等垃圾。

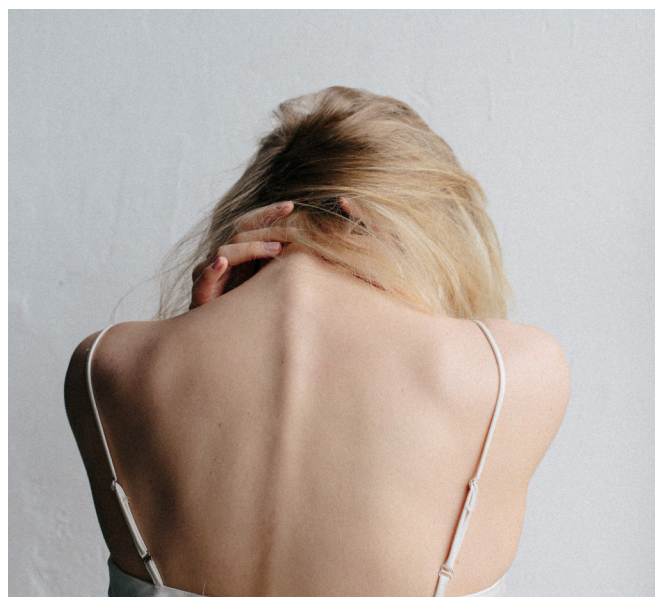

9

## Excite muscular nerves

Stimulate muscular nerves to cause muscle reactions, treat peripheral nerve paralysis and muscle atrophy.

### 興奮肌肉神經

刺激肌肉神經引起肌肉發生反應，  
治療周圍神經麻痺及肌肉萎縮。

# Pain relief treatment

## 痛症舒緩療程
